

## INVITATION TO THE PATIENT SOCIETY VILLAGE 28<sup>TH</sup> EADV MADRID CONGRESS

Dear Patient Organisation Representative,

The European Academy of Dermatology and Venereology (EADV) recognizes that a collaborative partnership between patients and healthcare providers is fundamental to improve the dermatological health outcomes.

To develop a synergic action, the EADV works closely with the patient organisations to explore how different roles and approaches can be joined together to extend dermatological support.

Since 2015, during our Annual Congress, we propose the “Patient Society Village” a dedicated exhibition area for patient organisations fully supported by the EADV. The aim of the village is to provide a platform where Key Opinion Leaders, Health Care Professionals and Industry Representatives can discover and learn about the role and need the patient organisations, as well as discuss activities of common interest.

We kindly invite you to take part in this initiative: you will have the opportunity to present the work of your organisation, to promote patient advocacy resources and services to the professional dermato-venereological community and network with the attendees.

Next Patient Society Village will be organized during the 28<sup>th</sup> EADV Congress in Madrid, Spain (<https://eadvmadrid2019.org/>) and will occur on two consecutive days - Thursday 10 and Friday, 11 October 2019.

If you wish to join, please find additional information and conditions in the attached guidelines and apply for a position in the Patient Society Village.  
Applications are to be received by **15 June 2019!**

We look forward to welcoming you in Madrid and we remain at your disposal for any further details.

Sincerely,

Marina Binarelli
